TRADING FOR JUNE STARTS OFF BRISKLY

More Than Two-thirds of First Week's Deals Made in Suburban Properties.

Realty trading for June was launched successfully despite the deluging rains and the abbreviated week due to the Memorial Day holiday. The week's operations were confined to four days and the half-holiday of Saturday and in that period the brokers succeeded in closing 138 transactions involving the change in ownership of 304 lots and parcels of real estate.

In volume of trading the first week

In volume of trading the first week in June shows an excess of nine lots over the business of the final week of May. This record was excelled only once in the last month and was equaled on one other occasion in May.

More than two-thirds of the week's deals were in suburban properties. The two sections of the suburbs vied with each other for supremacy, the near-urban district winning the decision. There were 119 lots transferred in the subdivisions contiguous to the city boundaries, while 114 parcels changed owners in the outlying subrubs. Within the old city limits the northwest section was most active, being the scene tion was most active, being the scene of the conveyance of thirty-six lots. The northeast and southeast sections were tied with sixteen lots sold in each. There were three lots sold in the south
